

**Technical Order**

**EQUIPMENT INVENTORY LIST**

T.O. 1C-135A-21, 15 March 1997 is supplemented as follows:

1. Requirements as listed in the basic T.O. 1C-135A-21, 15 Mar 97, will be applicable with the exception of those items identified in this supplement. Future changes to the basic T.O. will not necessitate a change to this supplement unless ANG requirements are affected. To ensure that adequate quantities of -21 equipment are on hand to meet alert/mobility requirements, the LG is granted authority to approve the additional equipment. A copy of written approval will be maintained on file. Additional/optional items will be procured with unit funds and accounted for in the same manner as basic items listed in accordance with AFI 21-103.
